Which is your favorite song in "Kagerou Project"?

>> "Ayano's Theory of Happiness"

It was incredibly warm and heartrending, and made me tear up. Along with the PV, I love it. All the songs began to connect together, and I was deeply moved.

02

When you think of summer vacation, what memories come to mind?

>> I would often play at the public pool that was nearby. I like floating around in the pool, so I'd often float away from my friends and family. On the way back, I would eat Miso Dengaku: the entire thing was a package deal.

03

If you could spend your vacation with one character from Kagerou Project, who would it be and where would you go?

>> To a comfortably cool theatre with Kido-san. It's summer, so I'd like to watch a horror movie!! I also want to watch Kido-san through the corner of my eye as she tries to act strong even when she's scared

04

Your goals for this summer!

>> I don't do enough exercise, so I'll continue to walk every night this year as well. Last year I tied a string around my cat's neck, and we wandered around the neighborhood. I think we looked really suspicious.
